15 March 2023

Powering to Prosperity

Thank you for attending the Glacier Public Sector Summit.

If you missed the webinar or would like to [watch it again](#), please use the resources below.

Embracing the myriad of opportunities to add value to public servants on their journey to financial and investment confidence, takes unrivalled skill, expertise and tenacity.

Gearing up for success in this sector demands wide knowledge of the sector and trends in our industry. It requires an ability to consider all viable possibilities as the investment and financial partner of choice to public servants.

As the public sector undergoes profound changes with respect to retrenchments, the Mobility Exit Mechanism (MEM) in the SANDF, and government wage negotiations, we are positioned to provide world-class service and solutions to this sector. We are committed to sharpening your skills as a financial intermediary upon whom public servants can rely, to help them get closer to achieving their financial and investment goals.

An exciting line-up of internal and external experts shed light on the current landscape in the public sector and what it meant for its employees.
