

25 years of making business easier – and all in one place

25 years of world-class vision, commitment and our valued partnership built with you over time. In June this year, Glacier turned 25! We deeply appreciate your commitment to our business, and the support you have shown us through prosperity as well as uncertain, challenging times. We thank you for the ongoing advice and service you give to your clients. Your support to us has been invaluable to our success in the investment industry.

We have not forgotten our humble beginnings – a small band of trailblazers – 36 employees in total – who had a dream to become an investment platform of choice to you and your clients.

A new-age vision

We saw a world where clients could have a choice of new-age investment solutions – beyond traditional life solutions – from a host of fund houses, in any investment style or location, to meet their retirement and investment goals. All in one place.

More than R450bn AUA, and growing

Now, we are a local and international investment platform, hosting thousands of funds and wrap funds – a platform positioned for the future. We have grown to be an investment partner with more than R450 billion in assets under administration, employing more than 550 champions.

We continue to grow organically and look forward to finalising our new acquisitions. We work hard at evolving our business to meet the challenges of a dynamic industry – responding to the needs of our partners and clients in the areas of retirement income planning, discretionary fund management, offshore investing, ESG, AI, and so much more.

We salute you

We have much to celebrate on our 25th birthday. More than anything, we celebrate our partnership with you. None of what we have achieved over the years could have happened without you.

Thank you, and here's to the next 25 years!
